

## **OAKLAND HILLS**

### **LANDSCAPE COMMITTEE**

#### **MEETING MINUTES OCT 24, 2017**

##### **1. New Member Introduction**

Rudy Wicht, Gray Oak Cove, has joined the Landscape Committee. Rudy was given information on the committee functions, and copies of the Policies & Procedures, and Operating Guidelines. A Q & A session followed, and discussion of the committee functions.

##### **2. New Tree Placements**

L. Smith reported on four new tree placements – one white pine, two Norway spruce evergreens, and one maple tree. Adjustment of two sprinkler heads may be needed to provide water to two tree locations. The new tree nursery - service performed very good.

##### **3. Evergreen Management Program**

A needle cast spraying will be scheduled for 2018, and a remove-replacement tree list will be prepared, as needed. The committee will schedule a trimming schedule for removing dead limbs from common area evergreens, and thinning evergreens behind the clubhouse and pool area.

##### **4. Water Feature Management Program**

The Landscape Committee has initiated long-term planning on a water feature management program – to include cleanup, pump operations, water and shoreline treatment.

##### **5. Landscape Log Review**

The Landscape Committee reviewed the log entries for August-October.
